# Lidding Films

Lidding films provide secure sealing and excellent barrier protection to maintain product freshness and safety. They offer easy-peel or strong-seal options, ensuring convenience and reliable performance on high-speed packaging lines. With superior clarity and printability, lidding films enhance product visibility and shelf appeal.

| Types of Lidding Films                                 | Product Code | Microns | Product Description                                                                                                                                               | Application                                                                                                                                                                                                                                                                                                                                                                              |
