Q3 FY26 RESULTS

In Rs. Crores	Q3 FY26	Q3 FY25	Dec-25 YTD	Dec-24 YTD	FY24-25
Net Revenue	899	701	2,618	2,149	2,895
EBITDA	103	86	348	277	362
EBITDA%	11.5%	12.3%	13.3%	12.9%	12.5%
PBT	31	36	143	131	163
PAT	30	30	119	106	133
EPS(In Rs.) (Not Annualized)	11.4	11.4	46.1	41.0	51.5

Q3, FY26 EBIDTA improved over the last year on the back of higher sales volume (29%) and improved performance of specialty chemical subsidiary. The EBIDTA could have been better but for the margin decline of BOPP and BOPET core films, high USA tariffs (full quarter impact), volume loss of about 6% due to shut down of one BOPP line and non-repetitive inventory loss of Rs 8.4 crores due to drop in raw material price.

PAT impact is muted due to increased depreciation and interest related to new capacities.

The Company expects double-digit revenue growth in coming quarters due to enhanced utilization of recently added capacity. Recently announced reduction in the USA tariff will lead to improved profitability from the USA operations starting from Q1, FY27, once the higher duty paid inventory is exhausted.

Cosmo Plastech (Rigid packaging vertical) has reached positive EBIDTA in Dec 2025. Now the focus for the vertical shall be on achieving higher profitability through higher capacity utilisation and improved efficiency.

Both the consumer businesses Zigly (Petcare) and Cosmo Consumer (Window films, Paint Protection Films & Ceramic Coatings) continue to scale up. Zigly has posted over 50% topline growth in Q3, FY26 on YoY basis.

Commenting on Company's performance Mr. Pankaj Poddar, Group CEO, Cosmo First Ltd, said "The FY26 focus will be on achieving close to full capacity utilization for Film business and faster scaling of new businesses."

Cosmo First X Filmax Corporation

A strategic Joint Venture to take different B2B business verticals to the South Korean market! >

Cosmo First is pleased to announce a strategic joint venture with Filmax Corporation, a renowned South Korean Films & Chemical Company with strong local market equity. The new entity will collaborate to introduce and expand our business verticals in South Korea while taking Filmax products to global markets through our international network.

Partnership Highlights

› The JV will leverage

- Cosmo First's cutting-edge technology, global supply chain, and proven expertise in innovative specialty & consumer films, chemicals, and rigid packaging.
- Filmax Corporation's robust brand equity, market reach, and consumer loyalty in the South Korean market.

- › Both partners will share an equal equity stake, reflecting their commitment to long-term growth and shared value creation.
- › The JV will deliver enhanced products for manufacturers and brand owners, benefiting from local insights and global best practices.

Together, we will deliver high-performance, sustainable, and innovative packaging solutions to customers across Asia and beyond!

Machine & Equipment's

Successfully Commissioned New 3650 mm Metallizer at Waluj Plant

We are pleased to announce the successful commissioning of our new high-capacity Metallizer at the Waluj Plant, significantly enhancing our production capabilities. This state-of-the-art installation strengthens our manufacturing infrastructure by increasing our production capacity by an additional 8,400 TPA. The new Metallizer machine is designed to process a wide range of substrates, including BOPP, BOPET, and CPP films, with thicknesses ranging from 8 to 60 microns.

New Products >

- ◆ TR-BOPP heat-resistant transparent film - capable of withstanding temperatures up to 185°C with uniform linear tear
- ◆ Anti-fog transparent BOPET lidding films
- ◆ COPET-coated BOPET for improved adhesion and machinability
- ◆ Coated metallized BOPET films for excellent oxygen and moisture barrier performance for sensitive dry and wet pet food applications

New Products

PET SHEETS FOR PHARMA PACKAGING >

Manufactured under stringent quality processes, these PET sheets offer high clarity, excellent moisture and chemical resistance, strong mechanical performance, and reliable thermoforming consistency. Ideal for blister packs and unit-dose pharma packaging, the sheet also supports tamper-evident designs, advanced printability, and are 100% recyclable.

Machine & Equipment's

Commissioned New Lab Cast Film Line

We have commissioned and installed a new Lab Cast Film Line with a 120 mm width, dedicated to quality control and new product development activities. This addition enhances our ability to develop, test, and validate products with greater precision and efficiency.

New Products >

Adhesives

- › Water-based side pasting adhesive - Cosmobond SPW 457 HP & Cosmobond SPA 410 HP

Masterbatches

- › 70% PE Cool White Masterbatch
- › Economical PE White Masterbatch
- › Antistatic & Slip Combi Masterbatch
- › 40% Organic Pearlized Masterbatch
- › High gloss pearlized masterbatch

MEDIABRIEF

COSMO CONSUMER

The screenshot shows the homepage of the Packaging South Asia website. At the top, there's a navigation bar with links for Home, Categories, Subscriptions, Advertise, Labels, Food & Pack, Events, Videos, and a language switch to English. A banner for 'Your partner for tomorrow's packaging!' is visible. The main headline is 'Cosmo Films' new packaging films for pet food' with a subtext 'Range of BOPP, CPP and BOPET-based films'. Below the headline is a bio for 'By PFA Book' and a timestamp 'December 28, 2018'. There are social media sharing icons for LinkedIn, Facebook, Twitter, and YouTube. The main content area features a large image of a man in a suit sitting at a desk with a laptop, smiling. To the right is a sidebar with a portrait of the same man and the text 'Meet our experts'. At the bottom, there's a box for 'IPPS' with the text 'Institute of Packaging and Processing' and 'Education and Research'. The footer contains the 'Packaging South Asia' logo and the tagline 'The Magazine for Modern Packaging'.

ABOUT US

Founded in 1981 by Mr. Ashok Jaipuria, Cosmo First today has 5 businesses including 2 in consumer (Zigly Petcare and Cosmo Consumer into Window Films, Paint Protection Films & Ceramic Coatings for automobiles) and 3 in industrial including Cosmo Films (into specialty BOPP, CPP and Polyester films), Cosmo Plastech (thin wall containers & sheets) and Cosmo Specialty Chemicals (Coatings, Adhesives and Masterbatches). Cosmo Films has been the pioneer of specialty BOPP films in India and is currently the largest business for Cosmo First. The other four businesses are relatively newer businesses (all started post-COVID) and in the process of being scaled up.
