## Functionally Modified Clear Film

COSMO FILMS
C1013 (A)

## Structure

Typical Values

## Description

One side acrylic coated and other side treated Bi-axially Oriented Polypropylene film

## Features

- Excellent machinability
- Good gloss and transparency
- Low seal threshold
- Broad seal range on acrylic coated surface
- Excellent hot tack on acrylic coated surface
- Good aroma barrier
- High seal strength
- Printable with water based inks
- Humidity resistance
- Solvent free coatings
- Excellent dimensional stability and stiffness
